CONSERVATORY LAB
CHARTER SCHOOL

a public school for learning through music

From the Health Office

Dear Parents,

As mandated by the Public Health Department, the following screenings will be conducted on **November 19, 2007** for the 2006/2007 school year.

VISION: Grades K through 5
HEARING: Grades 1 through 5
SCOLIOSIS: Grade 5

Also all new students will be screened for vision and hearing. Parents or Teachers may also recommend students for Vision or Hearing who are not included in the above categories.

All students must participate in the Scoliosis screening unless the nurse receives a note

from the parent stating the PARENT does not wish the child to be screened during the school screening. The parent note must be received by the date of the screening. If no note is received by that date the child must participate in the school screening.

Once the parent ends in a note exempting the child from the screening the parent must forward to the school a note from the physician indicating the child was seen recently and was screened for scoliosis.

Please feel free to contact the School Nurse (Ms. Newbowe) at (617) 254-8904 x.107 if you have any
