Our district	Level 1	Meeting gap narrowing goals												
<p>Most schools are assigned a level from 1-5, with those meeting their proficiency gap-narrowing goals in Level 1 and the lowest performing in Levels 4 and 5. A district is typically assigned a level based on the level of its lowest performing school. Placing schools and districts into levels helps districts know which schools need more support, and helps the state know which districts need the most assistance.</p>			<p>Overall progress in narrowing gaps</p> <p>Massachusetts aims to reduce proficiency gaps by half between 2011 and 2017.</p> <table><tr><td>All students</td><td>Met Target</td></tr><tr><td>High needs students</td><td>Met Target</td></tr><tr><td>Low income students</td><td>Did Not Meet Target</td></tr><tr><td>Students with disabilities</td><td>-</td></tr><tr><td>English language learners & former ELLs</td><td>-</td></tr></table>		All students	Met Target	High needs students	Met Target	Low income students	Did Not Meet Target	Students with disabilities	-	English language learners & former ELLs	-

District determination of need for special education technical assistance or intervention														
Meets Requirements (MR)														
<p>Districts, including single school districts, are assigned a determination of need for special education technical assistance or intervention. These determinations, which are typically based on the district's accountability and assistance level, range from Meets Requirements (Level 1 districts) to Needs Substantial Intervention (Level 5 districts). The determination level, which incorporates compliance measures also, helps to identify whether the Department will require districts to take additional actions to support improved outcomes for all children, especially students with disabilities.</p>
